For Immediate Release, 9 A.M. EST, April 28, 2016

## Winholt Celebrates its 70<sup>th</sup> Anniversary in 2016

Winholt is proud, honored and excited to be celebrating its 70<sup>th</sup> Anniversary in 2016, a milestone in the company's already solid foundation. Winholt was founded in 1946 after World War II by Irving Holtz and his brother Mannie Holtz; they were one of the first suppliers of shopping carts to the original supermarkets in America. They grew the business over the years with the addition of the company's now Chairman and CEO, Jonathan J. Holtz.

A lot has changed over the years; today the company is a global manufacturer of high quality Foodservice, Food Handling and Material Handling Equipment. Winholt is headquartered in Woodbury, NY with manufacturing facilities in Pennsylvania, Texas, California and China. One important component that has stayed the same over the years and has added to the success of the company is its associates.

Winholt's associates have supported the business over its 70 year history. Their dedication is a testament to the success and longevity of the company. The Winholt team continues to strive to provide their customers with Value Engineered Solution based products, while offering a Supply Chain Advantage to the industries they serve. The company practices a "We Care" philosophy to be a positive influence and model of how business should be conducted for their customers, associates, suppliers and community.

"It is our people that make the difference. Winholt has an experienced team and dedicated group of associates that work hard each day to add value to our customers." said Dominick Scarfogliero Winholt's President & COO, who manages the company's day to day operations.

### Vision

To be a leading manufacturer of foodservice and material handling equipment to the industries we serve, by practicing our "We Care" philosophy in all aspects of our business, leading to true customer satisfaction, excellence in product quality, service and value. We will be a positive influence and model of how business should be conducted for our customers, associates, suppliers and community.

### Mission

To continuously provide our customers with value engineered solution based quality products. To offer a Supply Chain Advantage to consolidate and lower our customers' operational costs with the support of our experienced dedicated team of associates.

*Winholt Equipment Corporation, founded in 1946, is a leading global manufacturer of high quality Foodservice and Material Handling Equipment.
