## Picking Shelf Carts

The Picking Shelf Carts are an ergonomic and lean solution for faster and accurate picking and fulfillment.

### Features:

- All tubular aluminum frame construction
- 8" Polyurethane casters
- Slanted shelves
- Raised lip on shelves
- Weight Capacity: 1000 lbs

### Benefits:

- Promotes organized picking, staging, and shipping of products
- Slant shelves provide better access and greater visibility to items being picked
- Slant shelves promote first-in first-out replenishment pattern
- Raised lips on shelves ensure items are held securely in place
- Reduces the need for heavy material handling equipment
- Light weight aluminum structure makes for easy maneuvering between aisles
- Ensures one-touch picking - saving time, labor, and money.
